PROFESSIONAL EXPERIENCE

Marketing Associate
Association Member Benefits Advisors, Austin, TX   **Jan 2016 – Jan 2017**
- Managed weekly updates of four different client websites for the companies association groups.
- Developed online marketing strategies for building lead databases, and nurture campaigns that increased lead generation by at least 40%.
- QA'd data entry for new account creation
- Researched and collected disparate information and compiled into an easy to use data format to improve and target sales.

Ad Processing Specialist (Contracted)
OwnLocal, Austin, TX
                                                                                   Sept 2015 – Dec 2015
- Worked with internal teams in-depth, to produce high-quality documentation that meets applicable standards appropriate for its intended audience.
- Reviewed, edited and formatted marketing materials to align with new digital document structure.
- Proofread online marketing materials prior to official release.

Operations Contractor
Impossible Ventures, Austin, TX   **June 2015 – Nov 2015**
- Validated system data and internet content for proprietary application with emphasis on quality control.
- Built data systems and did data mining from outside sources.
